Mr. Maass,
I have confirmed with Clovis PD that they do not have a software services agreement with Vigilant, only the enterprise service agreement which you were provided.

In regards to the audits, Clovis PD has no written records of any audits at this time.

Thank you.

Subject: CPRA

Wiley Driskill,

I received the materials regarding my public records request. I was wondering if you might check to see if there were missed documents.

Most agencies I have contacted have a "Software Services" agreement in addition the enterprise agreement.

In addition, your policy says "ALPR system audits should be conducted on a regular basis." I do not believe you included documents of this nature. Do they exist?

Thank you!

Dave
